

An alliance of communities sharing Geographical Information Systems

Meeting Minutes
Thursday, May 6th, 2021
2:04 PM - 3:47 PM
 Virtual Meeting

| | |
|----------------------------------|--------------------------|
| Nate Zwonitzer, CRWD | Tyler Thompson, VLAWMO |
| Sam Klimoski, Saint Paul | Carrie Magnuson, RWMWWD |
| Jolinda Stapleton, Roseville | Brian Jastram, MWMO |
| Dan Holzemer, White Bear Lake | Jacob Pauna, SPRWS |
| Vic Barnett, RC Emergency Center | Jon Sevald, Mounds View |
| Jake Garibay, Mounds View | Mychal Fowlds, Maplewood |
| Geoff Maas, Ramsey County | |

1. Call to order, introductions, and a brief statement on what you've been working on
 - a. Sam- racking up work on Hub, enterprise infrastructure system, enhancement of dashboard
 - b. Tyler- started monitoring on lakes, creeks. Got to make a map!
 - c. Dan- collector issues, connecting to the "dish". Intern coming onboard
 - d. Nate- getting seasonals and contractors going, set up accounts.
 - e. Jake- integrating drone for inspections
 - f. Jolinda- supporting Falcon Heights with mapping, speed zone changes. Correcting inventory with imagery. Utility crews GPS of the shutoff valves
 - g. Jon- nothing of note GIS-related
 - h. Brian- radio changes b/c new construction. regular watershed sampling
 - i. Carrie- pulled away from GIS, reporting, and design work for programs
 - j. Mychal Fowlds- Citizen Problem reporter, integrating with cartegraph
 - k. Jacob- data field updates, pushing for annual updates
 - l. Vic- emergency communications changes in mobile maps, dispatch interface enter preplan for various sites
2. Approval of February 18th, 2021 meeting minutes
3. Nearmap funding confirmation update
 - a. Funding complete, County taking over for future funding planning

An alliance of communities sharing Geographical Information Systems

4. Address topic

- a. Originating from confusion about Addressing standards and why we need standardization
- b. Open prompt to see if local data correction/collection in your organization is getting pushed back to the county. Is there any organization doing so, how?
- c. Did you know, ZIP code isn't a polygon feature- route feature. More information in ppt presentation...
- d. MapRamsey for example, data derived from:
 - i. Counties assign parcel ID/ taxpayer address, tax assessments
 - ii. Cities assign site address, land use type, zoning, rename plats
- e. Issues arise in the varying levels of agency, especially as areas develop
- f. Dan- thought lot splits need approval, can un-unify easily through the county
 - i. Owner address vs Site address
 - 1. Ramsey County, primarily concerned with tax address
 - 2. No consistent way to understand owner address
 - a. possibility for a future project to understand how to collect
- g. City Councils are addressing authority for name and number streets, addresses, etc.
- h. Saint Paul, for example, names Public Works as authority for assigning address
 - i. Lot splits, merging, change of address, etc.
 - ii. Place at the entrance to the structure, for 911 response
- i. Roseville- one person (Joel, community development) handling addresses, stored in GIS database, not external service
- j. Mounds View- Community Development, building requests one address- but address to the frontage
 - i. Geoff- use address of fire protection side
- k. What is the best way to submit address issues?
 - i. Vic- Informal process seems to work, biggest concern is maintaining communication

5. Ramsey County Updates (imagery plan/Nearmap, etc)

An alliance of communities sharing Geographical Information Systems

6. Discussion on future content and meeting locations
 - a. Ways to improve data sharing, especially with addressing
 - b. Addressing with more focus on parcel data.
 - c. Bring people in who update addresses, could be constructive to improve workflows
 - d. Member project showcasing for future meeting
 - e. Location for September meeting- potential for in-person, also virtual
 - i. some interest for in-person, what requirements should we consider?
7. Community Announcements
 - a. none
8. Adjourn (3:52 PM)
